# EDITORIAL

I would like to take this opportunity to thank everyone for their input to the Newsletter and especially all the juniors who took time to write their own articles for the new "Junior Section" of the Newsletter. It should bring many memories back to a lot of us of when we were children and involved in the dog world.

Congratulations to Christine Hart and Catherine Hawkins and not forgetting their schipperke "CH Carozza Last Orders" on gaining the third CC needed for the champion title.

There seems to have been a lot of new puppies born this year so I shall look forward to seeing them all in the show ring over the next few years. I have a new puppy myself and shall be attending a lot of the shows when my pup is old enough. I had forgotten what hard work they are having been my first puppy since my first schip "Hector".

I hope you all enjoy the coming shows that lead up to Christmas as we all know it won't be long in arriving.

Linda Fellows - Editor

# Secretary's Half Yearly Report

The first half of the year has been quite up and down for the Schipperke Club when the club found themselves in a position to ask the Chair to resign from the position due to issues reference the clubs code of ethics. On 6th July the committee met to consider the issues and with effect from that date your Vice Chair Mr David Peck assumed duties as Acting Chair until AGM. 2015.

On a happier note many Schipperke owners attended Spitz in the Park for the weekend of 19/20 July where fun was had by all. I am told there is to be a second such event to be held at a new venue just outside of Tewkesbury on 17-19 July 2015. I can assure you that if you like partaking in events or just want to have a good natter with other Spitz owners then this is the place to be. Look out for more details on Spitz in the Park website or Facebook by page.

The Club's second open show which we hold in conjunction with the Nordic Show has been kind enough to allow us two extra classes and so we now have a Veteran Dog & a Veteran Bitch class. We look forward to seeing you all there in November.

Your new committee member Jenny Butters keeps the flags flying for the obedience & agility side of the club as well as making a valid contribution to all committee business and is now your First Aider at club events.

I see we have a new juniors page for this edition of the newsletter. So good to see we have a few younger members interested in showing. Linda Fellows is always pleased to hear from anyone who would wish to share their good news with the membership so if you have taken part in any awards with your Schipperke such as Good Citizen, Agility or Obedience even Flyball, then why not put pen to paper. Linda's contact details can be found on the inside front cover of this edition.

If club members have any issues or suggestions then please feel free to make contact with me. Your thoughts will always be considered by the committee.

The clubs Judges Sub-committee now has a new Chair in Jan Mance. Her details for contact are ryeman@tiscali.co.uk or Tel: 01377 267506. The Schipperke Club will be holding a Breed Judges Assessment day on 14th February 2015 and if you are on the clubs B or C list you will hear shortly from Karen Bugg who is doing the admin for this event.

Lastly I would like to thank all the committee, officers and Vice Presidents for their helpful input during the first half of the year.

Just to keep you all updated here is a reminder of our club contacts:-

# The Schipperke Club Open Show

## 30th March 2014

Many thanks to exhibitors for their lovely entry (60+), sadly depleted by absentees. I had some lovely dogs and bitches to go over especially in the veteran bitch classes. I was surprised to find so many mouth faults though and very few had the correct texture of coat. My BIS was the open bitch winner who I thought epitomised the breed standard especially with her constantly wagging tail.

### JUNIOR DOG 2 (1)

1. Butters' ROOPEC ADMIRE ME - 15 month gold. Lovely head with dark eyes and good pigmentation, ears and profile with correct demarcations to coat. A little short in upper arm and upright in shoulder. Neat feet-needs to mature in body. Moved ok.

### SPECIAL YEARLING DOG 2 (1)

1. Whales' ARADET ZEUS AT ROSHANNA - 18 mth black -Most beautiful head and expression with dark oval eyes and correct bite. Lovely profile with abundant coat with correct demarcations. Good angulations and cobby body. Could have tighter feet. Slightly wide coming and going in movement.

### POST GRADUATE DOG 3 (BEST COLOURED IN SHOW)

1. Muggleton's MYWULF FLAME OF ARNOR - 5 yr cream- this boy has taken time to mature. Decent length of leg giving a good profile. Lovely head though nose lacking a little pigment. Very dark oval eyes, neat ears (when he used them) and correct dentition. Very good construction with good upper arm and shoulder placement. Body has now developed. Very good mover.

2. Whales' ARADET ZEUS AT ROSHANNA.

3. Manners' ROOPEC DIAMOND BLACK - 2 ½ yr old black. Pleasing head and expression with broad skull with dark eyes and alert good ears. Slightly longer cast and would like better front. Correct demarcations to coat and good condition with good tail and set. Moved well.

### LIMIT DOG 8 (4)

1. Philpott's ARADET EXPERT TIMING - 3 yr old black - Lovely masculine head with dark eyes and neat ears and excellent bite. Good body and cobbliness. Excellent coat inc good culottes and correct demarcations. Well constructed with a little more length of leg to give better profile than 2. Moved out well.

2. Fludder's ARADET XTRA ADDITION - Litter brother to 1 with slightly better construction in front but stands longer in profile than 1. Excellent head with dark expressive eyes and neat ears. In lovely condition. Moved well.

3. Muggleton's ARADET WIZARD OF OZ AMONGST MYWULF - nearly 4 yr cream masculine strong head with lovely expression and dark eyes. Slight lack of pigment today. Cobby with good angulation would just like less width of chest and slightly longer legs to give more balance.

### OPEN DOG 2 (1)

1. Holmes' IR CH SCHIPDALE DICKENS FOR DENCAS - 2 yr black. Larger dog giving a good balanced profile. Nice head with good dark eye. Is well constructed and still has some maturing to do. Would prefer more bone throughout. Moved and handled very well.

### A.O.C OPEN DOG 3 (2)

1. Massey's SCIPSAR SUNNY JIM AT RISTINE - 5 yr cream. Neat head with lovely dark eyes and pigment. Well constructed and moved well. Would like smaller feet and is slightly long cast for balance. Not happy today with dropped tail.

1. Fludder's ARADET SHOT IN THE DARK - 7 1/2 yr black. Small cobby docked dog with lovely outline in balance and proportion. Excellent angles and construction which shows in his movement. Slightly harsh well demarcated coat. He seems to have bodied up at last. Lovely kind expression on his broad skulled head would like a darker eye but has correct bite. Outgoing temperament and moved soundly.

2. Manners' KAMARGO CRAZY DIAMOND AT ROOPEC nearly 8 yrs black. Docked. Lovely profile but losing top line at times. Well constructed with a kind eye. Good typy schip – moved and showed well.

#### VETERAN DOG (over 10) RBD

1. Tricklebank's CH NOCTE BORIS KARLOFF – black at 13 ½ yrs this handsome boy still has his outline to strive for. Although just beginning to show his age in his face (teeth) he still has an excellent expression and dark eye. Excellent expression and dark eye. ## **PAWS FOR THOUGHT 10**

**Kids!!! Grace had 4 of them & I know I had something to do with it but I don't know why she couldn't be like humans & just have the one. Thank goodness two of them have gone to new homes. Mind you the two that are left, Jack & Charley are bad enough, I never get a minutes peace, Mum says that's what keeps me young!! Now we apparently have ANOTHER one who is in the house with Logan & I think he is called Harry. I haven't met him yet he's too young to come outside.**

**Anyway I digress. I hope everyone enjoyed their summer, we caravanned at WKC again, in our new caravan, new awning & new garden. It was great, there was no leaks, no collapsed awning & best of all no arguments from Mum & Dad. I think one of the best holidays we've had, apart from a bit too much rain but even that didn't "dampen" our spirits.**

**The only problem we had was Logan being chased by some gundogs, he led Mum a merry dance round the campsite & showground & ended up at the vets with split pads & had them bandaged up for the rest of the hols. Anything to get attention!!**

**At home the fields have been ploughed up which is no fun because Grace can't hide in the wheat & then get told off by Mum. She was also starting to lead the pups astray, which didn't go down too well. I stayed at Mum's side the whole time so I could have an extra tit-bit. Good aren't I??**

**After the Club Show there won't be many shows left & then it will be Christmas. We are going to Grandma's again. I really love going there because we get Christmas dinner!! Anyone would think I liked my food, well when you're on a permanent diet, you would too. Anyway I had better close now, so Mum can send this for me. Have a woofing good Christmas, (don't eat TOO much).**

**OLLIE ☺**

# Junior Section

My name is Leah Scales and I am 11 years old. I live with my mum and our 4 Schipperkes, Sid, Zest, Stanley and Squash.

I have always lived with dogs and started handling one of our Belgian Shepherds in agility competitions with my mum helping me when I was just 5 years old. I remember taking Paige into a child handling class at a local fete when I was 5 years old and winning it, I had the biggest smile on my face. I continued running agility classes with our Belgian Shepherds and as I got older I took them in on my own.

Sid came into our lives and mum started agility training with him (but he is a bit lazy!) and I tried to run him but he is very hard work. Mum wanted to breed Sid and keep a puppy from him as he has such a great temperament and eventually we got Zest. She is a real wiggly girl and while we were waiting for her to grow up mum started some ringcraft training with her and entered her into a few shows and she won some classes. As Zest was going to shows, mum decided to enter Sid in some as well as it was extra practice for her.

While we were at some of the shows I started watching the junior handling classes and thought I would like to have a go. I remember one of my early shows I was asked by the judge to show the teeth and I didn't know how to do it as I had never been shown. Mum used to have to lift Sid up onto and off the table as I wasn't tall enough but I can manage on my own now.

Mum bought me Marina Scott's book and DVD which is all about handling, it tells you how to hold the lead correctly and what all the different turns are. Mum and I have also been on a couple of handling courses which have helped. I mainly handle Sid in classes and then have also started to take him into breed classes as well.

Sid and I have qualified for the JHA semi finals held at Richmond championship show for the last 3 years and I have also qualified for this year. Last year I came 3rd in the 6-11 year old utility group. It has taken me quite a long time to train Sid to stand still while I walk around him, this is called shadowing, it is very important to make sure that you do not block the judges view of the dog, this is known as the golden rule. There are a lot of things to remember when taking part in handling classes, how to hold the lead correctly, how to show the teeth and bite of the dog, listening carefully when the judge tells you which patterns they want to see, you also need to know the points of the dog as sometimes the judge will ask you where certain parts of the dog are. It is very important to dress smartly when you take part in the handling classes and I now have some lovely suits, mum makes sure that she gets colours that show Sid off.

I have made lots of friends and enjoy helping some of the younger competitors in the same way that some of the older girls helped me when I had just started.

I am a member of the YKC and have a little book to collect points for showing and handling classes, when you have 150 points for either showing or handling classes you can send your book in and you will be sent a badge.

As I've become more and more confident I have started to handle other dogs and other breeds as well.

The most important thing is to remember that you always leave the ring with the best dog.

### SCHIPPERKE CLUB

What I like about dogs!

I like Schipperke puppies because they are really playful. I like all dogs because when you go for a walk you can play fetch on the field.

What colours they come in!

All dogs are different in colour, black, white, grey and gold.

Shows!

There are all different dogs at the shows. There can be small dogs up to big dogs.

Training!

Dog training classes can be a great way to socialise your dog and to meet other owners.

You can also do agility with your dogs.

Getting Started!

Owners of dogs have an obligation to their dog and make sure it's happy.

How You Behave!

To own a dog you need to be responsible and kind.

Millicent May Plant

I have been handling schipperkes for 8 years and during that time I have personally won 2 championship certificates and 7 reserve championship certificates. I have also qualified for YKC handling finals at Crufts, JHA handling semi-finals, Scottish handling finals and Scottish Top Dog with CH Carozza Athena and Aradet Zulu von Zorbaloo. I won my first RCC at the age of nine under Sheila Jakeman, and my first CC under Marion Seargent aged 11.

I have shown in the group ring several times and what an experience that is standing with all the top handlers. I get very nervous standing beside some of the big names in the dog world, but they have all been really nice to me.

I was brought up with Akitas, however my parents decided that the Schipperke would be a nice dog for me to handle, little did they know. Since being involved with Schipperkes I have learned that they have a mind of their own, if they don't want to show they won't. It takes lots of love and dedication and work to understand this special breed.

At home my Schipperkes are great loving family dogs that can be very boisterous, but what fun they are, doing all sorts of strange things, when you least expect it. When you look at them in the ring I feel people think it's a very easy dog to show, if only they knew. I enjoy the challenge that they give you as a breed, but you have to remember that schipperkes can have an off day, they might not like the judge or the venue and simply not like the bait you are using, preferring the person standing behind you in the ring or even in the next ring.

The main thing to remember when showing Schipperkes is that you take the best dog home even when you have had a bad day. **Michaela Donaldson**

# Southern Counties Canine Associations

30th May 2014

Firstly I must thank everyone for being so patient in waiting for so long to be judged and apologise for the hurried judging, which was a consequence of the previous judge in the ring not having any consideration for those who followed. I was happy with my winners, but would have liked a little more time to evidence the reasons for my choices. I was delighted that my BOB made the final cut in the Group and to hear that he was much admired by a couple of the overseas judges.

## Jan Mance -- Ryeman Schipperkes

Before I found the Schipp, I bred & worked G.S.D's & B.S.D's (Groenendael) in Obedience & Working Trials.

I didn't even know anything about the world of showing, all I knew was going out on the moors or a field in the middle of no-where, in all weathers, to work my dogs.

Then a friend of mine decided to show her Cairns & she took me along with her. I decided I liked this & bought a Cairn Terrier puppy from her. Bracken wasn't keen, so eventually I bred from her & kept Heather. Unfortunately she had an accident & very badly broke her leg, so that was that. Then I had the bright idea of showing one of my B.S.D's & although his career wasn't brilliant it did keep me at the shows.

It was at an Open Show when I saw this little black, tail-less dog go in the ring. I was fascinated, he was like my B.S.D. only a lot smaller & both Belgian, I had to know more. So after I had, had a long talk with the owner about the breed, I got in contact with the Kennel Club who gave me the Club Secretary's name. I went to their show & got talking to the late Dorothy Seaton, who just happened to have a pup that I could have & that was that, I have loved the breed ever since.

## The Schipperke & the BEES

I can't quite recall exactly when it was but, it was early 2013 when I was asked if I had a dog that could be Toto in November. William was the obvious choice, but he would only be 11 months old by the time of the performances – could he be ready to take on such a challenge by then? At that point, I had no doubt he would be ready. Never had I had such a smart and devoted dog. Training was (and still is) a delight, so eager to please and be doing with his Mum. No sign of the arrogance, independence, & outright defiance that the young Eski had given me. To be fair seven and half years of more knowledge & experience & experience has made me a better trainer and there is still room for improvement.

But, there is no doubt that William is special. An excellent puppyhood with Bev & Leah Manners has giving him the skills to cope with all he encounters. So no matter that the BEES in question are the Burnham Excellent Entertainment Society, comprising of a sprinkling of adults and a majority of children. They started their rehearsals for The Wizard of Oz way back in July and we managed to join them for the first time mid-October, once the Obedience season had abated. This first visit always brings chaos to rehearsals as the children are very distracted by the dog, as are some of the adults! Vicky, the director, suggested that it might be simpler to just train William to do the running on to stage scenes and use a stuffed dog in a basket for the rest of the production as Toto was required to be on stage for most of the production and it might just be too much to ask of a young dog. Knowing how much energy & attention William has, I suggested that they tried him as the script meant for Toto to be on a lead and I felt sure that he would dutifully pay attention to any cast member if they routinely treated him. Dorothy was being played by the very talented Melissa, who had played Annie two years previously and coped with the far more formidable Pyrenean Sheep Dog, in comparison William is a piece of putty.

Rehearsals went well and we didn't have a blip until the dress & technical rehearsal. Dorothy is calling for Toto at the beginning of the first scene, William enters from the auditorium misses the steps he's been trained to go up and heads straight for the front of the stage, makes a fairly good effort at jumping on stage but misses and almost gets tangled in the live orchestra, I manage to catch him and re-route him up the steps only to bang my head on the safety rail! Of course, I mused as I rubbed my head to check for blood, we hadn't practiced with the blacked out theatre and spotlights before. So the wee boy had taken the most direct and lit route. That was a painful learning curve for me. Needless to say, I made sure we worked on those entrances with stage and auditorium lighting prior to the performances.

On the Saturday night of the first performance, the production team announce that there is a smoke machine, another thing that we haven't practiced, but I reason that William will not be phased by that. He wasn't! However, what they fail to tell me is that the Professor will have some real sausages to cook on stage and that Toto is meant to steal one. Whoever is meant to have cooked and brought the sausages has forgotten so someone is dispatched to the local fish & chip shop. So the most memorable scene my friends talk about is Toto playing with an enormous sausage, which he just obviously doesn't know what to do with. I of course would have suggested they used a chippolata !!!
