EDITORIAL

It's been a good year for showing this year has we have gained a few champions and well done to all those who have received their new titles.

As you all know we held our Open Show in March and we have our Champion Show in October so these are dates to put in your diary every year.

I have taken on the job as Treasurer as well as being the Editor of the Newsletter. Don't forget to send any articles you have to me.

I am off to Wales at the weekend, it's an opportunity to have a great holiday and show my schipperke and let them have fun with all their other schipperke buddies.

I hope we have a lot more Champions in the coming months and years.

Chairman's Letter

I hope you have all enjoyed a pleasant summer, although the weather has been quite mixed. Having attended only two shows this summer Leeds was incredibly hot and whereas the weather leading up to WKC was good it rained every day of the show.

I am sad to report the deaths of two of our members Jose MacDonald and Angela Reed both had been poorly for quite some time. Jose had been a member of the club for almost 30 years, she co-owned CH Avidore Bilbo Baggins at Kempthott and owned a further two Schipps they weren't shown but Jose could be found around the Schipp ring at most shows. Jose could show Great Danes to perfection, however when asked to show any Avidore Schipps they always seemed to be in control of the lead and not Jose, she was adored by the those dogs and always took the greatest advantage of that fact. Jose served on the committee for many years and gave CCs in both Schipperkes and Great Danes.

Angela had an interest in Schipperkes over a vast number of years. Prior to owning she exhibited through a number of long standing Schipperke enthusiasts. Angela was a member of the Club for 20 years, she supported the Club secretary, photocopying and collating the many reports and newsletters and organised the lunch and evening meal for the Schipperke Centenary Show. Latterly Angela was the owner of CH Franhowil Ergon, CH Franhowil Adam with Byquy and CH Byquy Nitetime Girl who was the niece of CH Byquy Lady Penelope. Angela loved to attend the Club shows and 'Crufts in her last years to see her beloved little breed.

Another piece of sad news recently, Tricia Morley's Jordy AKA CH/AMCH Chatelet Aradet Rugby was given sleep after a short illness. Jordy was well known in the show ring having gained 34CCs and a number of group placings.

Three new champions have been made up this year so far as well as notable wins for club members in groups and veteran classes at both CH and Open shows. Congratulations to you all.

A reminder to you all that on Saturday 26th November the Nordic show is being held. This is supported by the Schipperke Club and there are 10 classes on offer so please try and make it.

I would also like to remind you of our Breed Seminar and Judging Assessment on Sunday 13th November at Roade Village Hall, Northampton. Any judges on our A Lists are welcome to attend as a refresher on the breed standard and a certificate of attendance will be given. Full details on the club website - www.schipperkeclub.co.uk/breed-seminar-2016/.

I hope you all enjoy the show and may I be the first to wish you A Merry Christmas and Happy New year in 70 days time !!!

Diane Forknall

Chairman

Secretary's Half Yearly Report

Another summer over!! I do hope you all enjoyed your holidays both here and abroad.

As you are all aware we have a new treasurer in Linda Fellows who is settling into the job getting on top of the accounts providing the committee with information required to keep your club in order. It is a pleasure working with you.

You will be pleased to know that the ladies have now started on the new wall hanging that many of you subscribed to and it is hoped that it will be completed in time for our show in March 2017.

Karen Bugg & Jenny Butters have taken on the job of Discover Dogs co-ordinators. The Crufts booth display was put up by Karen and Diane and thank you to our members for all their help. By the time you read this we will be a week off the Excel London Discover Dogs that Karen, Jenny and helpers will be attending – Thank you.

The Judges sub committee put an up to date criteria to the Kennel Club which was accepted and is now on our club website. On 13th November we are holding another Judges assessment at Roade VH Northampton there are still seminar places available if you want to attend please contact Karen Bugg.

If any members know of open shows that put schipperke classes on please could you let me know so that we may provide promotion for these shows.

May I add a special Thank You to Diane for her help during this year when I was indisposed.

Our Health co-ordinator Ian Millar reminds us that if you breed a litter then please send details of your litters MPSIIB status to enable us to keep the club register up to date on the website also please remember to ensure your litter details regarding MPSIIB are up to date with the Kennel Club showing the status on the puppy registrations.

Auction in aid of Rescue – you will see in this newsletter items that will be up for auction at our show in March 2017. Should you wish to leave a bid with me then please feel free to.

The Schipperke Club Open Show

27th March 2016

I would like to thank the Schipperke Club for the honour of being invited to judge this show and especially so after having been a Club member for some eighteen years. I also must thank of my exhibitors for the lovely entry and for making that extra effort as it was Easter Sunday and the clocks had gone forward an hour. My special thanks to my excellent steward Bryony Wilson.

I was very happy with my winners and particularly the vintage girls and boys who were more consistent in type and were wonderfully lively and alert and brought a smile to my face, as I think a Schipperke should. My only little gripe was that quite a number of dogs had dirty teeth, I remember being pulled-up on this one years ago by well-respected breed judge who afterwards demonstrated how to rub the tartar off the teeth with a tiny coin, a dental probe works even better.

Minor puppy dog (1)

1 **Home's Dencas Malfoy** - Attractive cream boy up to size. Lovely shaded coat of correct texture and demarcation and the required dark pigment and eye. Neat feet, bright and alert and moved-out with enthusiasm, would prefer a little shorter in the loin

Puppy dog (0)

Junior dog (3)

Three handsome boys of similar size and silhouette and difficult to choose between them, I liked them all and I 'm sure they will exchange places in the future.

1 **Massey's Ristine Jack Black** -Liked his silhouette and balance overall, correct head with the desired dark oval eye, neat correct ear set, coat of harsh texture and good demarcation, moved-out well with enthusiasm.

2 **Whale's Aradet Ballroom Dancer** - Another lovely boy of correct proportion, good bone, well balanced head with neat ears, preferred the eyes of 1 , desirable cat-like feet and in good coat although I preferred the texture and type of 1.

3 **Smith's Ristine Black Sabbeth** - Very likeable boy with a lovely profile, balanced head and dark eye ,good harsh coat, neat feet ,nothing really to fault just preferred the heads of 1 and 2 and found his movement to be not as flowing as the other two.

Special yearling dog (3,1 absent)

As junior dog

Post graduate dog (2)

1 **Jones's Dinky Demon** - Neat compact bob-tail boy of correct proportions. Balanced head with small ears and oval eye, desirable harsh coat, feet could be a little tighter. Lively and alert but a bit unsettled on the move. Needs to fill-out

2 **Muggleton's Mywulf Flame of Arnor** - Very sound cream boy with very good movement, good coat texture attractively shading. Head in proportion with oval eye, but would prefer darker pigment. Feet could be a little neater and would prefer shorter loin.

Limit dog (4)

- 1 **Cheatham's Aradet Action Man** - Lovely extravert dog presented in beautiful condition and shown to perfection. He has the desired dark oval eyes, neat feet and ears, pear shaped body, good tail set and short coupling. Would prefer a little more of him with more leg and less coat. RBD
- 2 **Holland and Fornall's Splendid Three Color Adams-Lake at Schojan** - Lots to like about this young boy who still needs to mature. Correct size and balance with good head and coat texture and demarcation. He is certainly lively and alert, but to the detriment of his movement which appears erratic and seemingly uncoordinated.
- 3 **Manner's Roopec Diamond Black** - Well-proportioned boy of correct size and substance, coat of good harsh texture with correct demarcation, good head with neat ears and eyes but would prefer a little less stop and a flatter skull.

Open Dog (2, 2 absent)

- 1 **Robjohn's Quontox Quincy** - Handsome well balanced black dog of larger type with good substance and in very fit condition. Correct coat, lovely dark oval eye, neat feet and bright and alert. Moved out well and tail carried up and over on the move.
- 2 **Whales's Aradet Zeus at Roshanana** - Another handsome well balanced black boy who is the absolute opposite of 1 in type and size. Good head with the desired oval eyes and neat ears. Smaller in type and with coat a little too profuse for my taste.

Veteran Dog (under 10) (1)

- 1 **Manner's Komargo's Crazy Diamond at Roopec** - Traditional type cobby black dog of the correct size and proportion in lovely condition, handsome head with neat ears and dark oval eyes, loved his harsh close lying coat, good substance, moved briskly.

Veteran Dog (over 10) (2)

Father and son of different types with fitness and energy that belied their ages

- 1 **Whales's Ch Roshaana Hyperion** - Very handsome 14 year old black male of excellent balance and proportion with enthusiasm to put many younger dogs to shame. Desired coat texture and demarcation. Flowing brisk movement. Lovely head with neat ears which he uses to perfection when alerted. One I would like to take home. BD & Best in Show
- 2 **Robjohns's Quontox Quirinus** - A lovely 10 year old black dog in spite of the fact that he doesn't like to be touched. Presents a very pleasing outline of correct balance. Substance in proportion, good head with neat eyes and ears, excellent coat with the correct texture and demarcation, well-muscled and moved well.

Junior Handling (6-11) (0)

Junior Handling (12-16) (1) - Leah Scoles - Alone but never the less an excellent handler who makes a beautiful picture with her smooth and elegant handling. Quite the best figure eight I have ever seen, a pleasure to watch.

Minor Puppy Bitch (2)

- 1 **Rollinson's Chadbower Islay Skye** - Sweet short-coupled black naturally bobbed black girl, good balance and proportioned, nicely angulated. Would prefer slightly wider muzzle. Movement a little erratic today, but has lots of time to become more composed.

2 Thorne's Dencas Tabitha for Schipdale - Prettily shaded up to size cream girl who was little overwhelmed by it all. Didn't want to be gone over, but has lots of time to get used to the idea. As with her litter brother has lovely dark pigment and dark eye. Would prefer a little shorter loin. Unsettled on the move

Puppy Bitch (1)

1 Fegan's Wagman Black Raven - Delightful black girl of good balance and proportion and very much her mother's daughter in features (later judged mother and daughter in the brace). Lovely head with the required dark oval eye and neat ears and very alert expression. Neat tight feet and the desirable harsh coat of moderate length with good demarcation. Moved well and at one with her handler. Another one I would like to steal. BP

Junior bitch (1)

1 Fegan's Wagaman Black Opium - Lovely black girl who is litter sister to BP. Good substance and proportion, good head, oval eyes and neat ears. Good coat texture and demarcation and close fitting coat. Sound movement. In comparison with her sister a fraction longer in the loin, with a slightly wider muzzle and not quite as confident.

Special Yearling (1,1 Absent)

1 Muggleton's Mywulf Ruby Red - Pretty feminine black girl with very pleasing head. Good substance and balance, but would prefer a fraction shorter in the loin. Neat ears and oval eyes and the required tight feet. Moved well, but perhaps a little wide in front

Post Graduate Bitch (2,1 absent)

1 Robjohns' Aradet Amelia Pond for Quantox - Beautifully cobby feminine black girl who presents as a very neat and traditional type of Schipperke. Love her proportions and balance, body shape, neat feet, close fitting coat of the correct texture and delightful corkscrew tail

2 Wearing's Aradet Xotic Dancer - Another pretty feminine black girl with a delightful expression. Good head with oval eyes and neat well placed ears. Correct coat and sound movement. Not the balance and proportion of 1 and would prefer a fraction shorter loin.

Limit Bitch (6, 2 absent)

1 Fegan's Black Magic - Delightful black bitch of the more tradition type. Pretty well-balanced head, dark eye of correct shape with ears in proportion, good harsh texture to coat, neat feet, well set tight-curved tail. Well constructed with good length of leg. Very sound in movement and with typical lively and alert character. Would prefer a fraction shorter in the loin. RBB

2 Forknall's Schojan Reve D'Or at Avidore - Very feminine cream girl with delightful lively and alert character. Balanced head with erect ears and in proportion, excellent black pigmentation, neat oval eyes, tight cat-like feet, good harsh coat. Moved-out well tail carried up and over. A little out of balance today, I think she had been stealing mummy's chocolates

3 Manner's Roopec Birthday Treasure - Pleasing black girl with pretty feminine head, neat well used ears and oval eye. Good harsh coat with correct demarcation and close fitting coat. Feet could be a little tighter and would prefer a fraction shorter loin. Correct brisk movement and very well handled.

Open Bitch (2 absent)

Any Other Colour Open Bitch (2)

1 **Holland's Enchanted Princess Bijou at Schojan** - Very lively and alert beautifully shaded gold bitch of lovely balance and proportion. Pretty feminine head in correct proportions with neat ears, dark pigment and eyes, correct coat of required texture and type with good demarcation. Moved-out well when settled. Best any other colour.

2 **Forknall's Schojan Reve D'Or at Avidore** - As Limit bitch

Veteran Bitch-under 10yrs (2)

1 **Forknall's Ch Avidore Hot Gossip** - Attractive black girl with pretty feminine head of correct proportions. Lovely balance and outline. Desirable keen expression, oval eyes, and neat ears carried erect. Correct coat in good condition, well-constructed and moved soundly.

2 **Robjohns's Ch Quantox Quintessential ShCh** - Lovely up to size 8 year old bitch shown in lovely condition. Well balanced and constructed with typical brisk movement. Good head of correct proportion with dark oval eye, correct coat texture, lovely bright and alert expression.

Veteran Bitch –over 10 years (6)

A delightful class of very enthusiastic girls who couldn't wait to get off the table and strut their stuff and all in condition that belied their ages. I liked them all and difficult to choose between them.

1 **Robjohns's Qwontox Celtic Quest Sh CM** - Sweet black 11 year old girl shown in beautiful condition. Loved her size, balance and outline. Correct body shape, coat of the correct texture demarcation and length, well balanced head with flat skull and oval eyes, good substance, neat cat-like feet, bright and alert with typical brisk movement. A lovely traditional Schipperke and very much the type I like. Pleased to make her BB.

2 **Wearing's Aradet Party Politics** - Another very enthusiastic black girl of almost eleven years in beautiful condition. Well balanced, but would prefer a fraction shorter in the loin. Good head with neat ears and dark oval eye, but preferred head of 1 with slightly longer muzzle. Good coat of correct texture and pattern. Moved-out well.

3 **Forknall's Komargo Appasionata at Avidore** - She might be older than the other two at 13 years old but just as active and enjoying her day out. Attractive black girl of the correct size and proportion, carrying a little more weight. Lovely head and keen alert expression, good coat of desired texture and pattern. Moved out well

Brace (2,1 absent)

1 **Fegan's Wagaman Black Magic & Wagaman Black Raven**. No mistaking this is mother and daughter, like peas in pod and looked perfect together.

2 **Manner's Roopec Diamond Black & Roopec Birthday Treasure** (brother & sister from different litters, but same parents) Another lovely pair showing good family likeness and type.

TURNLAW

ABYLITY NINA'S CELTIC QUEEN OF TURNLAW (IMP) . Aged 17 months.

It is great to be back in the ring again after more than 25 years and we have had marvellous fun since Nina exploded in to my life. A great-great grand-daughter of CH. and INT CH. TURNLAW TATTIE BOGLE WITH RADASH (Top Sire 1999), she has been a consistent winner at the relatively few CH shows we have attended. Highlights include:

B.P.I.S. - SCHIPPERKE CLUB CH 2014

R.C.C BORDER UNION CH 2015

R.C.C. BLACKPOOL CH 2015

R.C.C. MANCHESTER CH 2016.

In between, she has won a significant number of Junior, Special Yearling and Post-Graduate classes as well as numerous BOB and Group places at Open shows culminating in her SH. CM.

Nina carries old-established blood-lines, especially RADASH and has been mated to BYQUY CABBAGE. Puppies hoped for in early October. She has tested clear for MPSIIIB.

It's amazing how time flies when you are having fun!

Sitting down to write this, I have been looking back at dates, I cannot believe that Jordy came in to my life just six years ago, The journey we took together will have given me a lifetime of memories.

Imported to the UK in the summer of 2010. He soon gained his championship winning his CC's at his first three shows. I was unable to attend BUBA in the Dec of 2010 so Mary Deats his co-breeder took him for me, WOW what a moment to miss. He went Best in Show under Ann Ingram.

With 34 CC's most with BOB, multiple BIS's at general open shows and at Club shows.

Group 1 at Richmond 2014 Group 2 at Midland Co 2014 and other group placings.

Twice qualified for the Eukanuba Championship Stakes finals and last year's finals finishing up 5th overall. Jordy and I never graced the green carpet of Crufts due to the docking ban which also kept us from a few general championship shows too. This year's East of England was the first we were able to compete in and he strutted his stuff to win Reserve Best Veteran in Show!

My little black rat as my husband liked to call him, was a kind and gentle soul, he got on with all my Australian shepherds, especially Magic, they were best buddies for sure, Jordy was admired when ever he was out walking either at a show or just down the street, he was a smart little package

He was only used at stud 5 times here in the UK and has two UK champion progenies, with others that have been shown also gaining CC's.

Jordy was a stoic little dog, not showing any signs of the cancer until the day before his was given sleep.

This little dog has left a big hole in our lives x

SCHIPPERKES

“As is usual at the Club Show of the Schipperke Club, England, the breed was well represented, so much so that a contemporary says they were “probably the best lot ever got together”. Exhibitors from the North were very conspicuous and accounted for the majority of the prizes.

In Open Dogs, the issue rested between Bapton Fox and Joy of Greta and I made the former a good if not an easy winner. He certainly fills the eye at first glance more than Joy and has much the better head, being broader at the base and flatter, without the somewhat prominent forehead of the second. In shape and carriage of ears there is not much to choose, though Fox’s could do with more substance, as they are decidedly thin. In mouth, the younger dog scores easily, his opponent being far from good in this respect. And, again, I do not like the prominent chin of Joy, it is foreign to the Schipperke. Fox’s worst fault, and it is a big one, is his light eye; but then Joy’s is not dark, and neither can be said to have the correct expression. In cobbiness, the South country dog (I think this is Joy –editor) is the superior and he stands better. It is impossible for a Schipperke to keep a firm footing on the wet deck or cabin top of a moving barge with his feet close together. Both have fair legs but, as I pointed out when I gave Fox his first prize when a puppy, a little more bone would improve him. Both are the correct size and have good frills and culottes and neither lost anything from want of showing. In coat, Joy scores easily, though both are harsh, but the satin-like gloss on Fox’s points out its own weakness, want of undercoat. Percy, a different type altogether, was 3rd, though his eye and expression were to be preferred to those placed above him. Timothy Titus, shown in the acme of condition, has an excellent head, correct dark eye, with good coat and frill, altogether a very nice dog but a bad shower. If he could be induced to stand up after the style of Bapton Fox, he should do well but I am afraid he prefers home comforts to the show ring. Hotstuph was the best headed dog in the show but his faults heavily penalise him. To those who want to know what a Schipperke’s head should be, and the question is often asked, let them study Hotstuph – his name aptly describes it. Jack of Moorfield will do better later, he has a good body, nice eye and a head that wants a little more filling out under the eye, whilst his coat, though hard, was rough and ought to improve with age. Limit Dogs was won by Peabody, a nice shaped dog, with ugly ears and a profusion of coat, but he would have had to play second fiddle to Timothy Titus had the latter made the most of himself.

Novice Dogs was accounted for by a compact, cobby, nice all-round Schipperke in Gyre – a typical one in ways and style. Lane and Woodland Joppe are not the best dogs the owners have possessed, though useful, as the prize list shows. Wellington is a youngster that wants time; at present he excels in eye and expression, and the same remark applies to Erin Kra.

Bitches, with a few exceptions, were inferior to all the dogs and in the Open class, all “bred by exhibitor” but one. Esme of Greta easily asserted her superiority, followed by Plaything, a cobby little bitch with a plentifulness of white hairs. I much prefer Bapton

Flora, another cobby one with very nice head and eye but she was so out of coat that she had to pay the penalty. Nancango represents a somewhat different type and looked wild and scared in the ring; her head and ears are quite up to the average.

The only new face in Limit Bitches was Eastbury Countess, a cobby bitch in good form but short and blunt in the muzzle. St. Etienne, who is a nicish sort, was dead out of coat but one day she will turn the tables upon some of those that were placed over her.

The remainder call for no comment, as none of them will ever set the Thames on fire”.

C.D.Freeman.

Dr Freeman was one of the earliest breeders/exhibitors of Schipperkes and was considered an authority. He wrote the first book on the breed.

Bapton Fox, Joy of Greta (25 CCs), Percy (23 tickets), Peabody, Woodland Joppe, Esme of Greta (a former breed record holder with 34 Challenge Certificates), Nancango and Plaything all were or became Champions. Dr Freeman awarded both Ch. Joy and Ch. Esme a total of 4 certificates each over the years 1903 – 1907. (Editor)

I have two Schipperkes who came into our families in different ways.

Three years ago I volunteered in our local dog rehoming centre. Evie had been picked up twice by dog wardens. The second time her family failed to reclaim and after gently persuading my husband to give her a home she came to live with us and quickly became a loving family member. He had never been a pet owner himself but after a few weeks he stated that at the age of 54 he was now in love with his pet Evie. I had always been a springer spaniel owner and never thought of owning smaller dogs. Evie I believe chose me rather than the other way round.

I lost my spaniel Jess after a sudden illness last October. In November the breeder of Evie found me through your website when I had made enquiries about looking after a schipperke. She had been a local vet looking for someone to adopt Ola as her current owner could not look after her for personal reasons. Ola is Evie's full sister who were purchased together from the same family of puppies. They had been separated and gone to live with different families until now when Ola also came to live with us.

They are two wonderfully adored dogs who are now ready to take their next adventure as Therapets with a local nursing home for Dementia patients very soon.

I have attached a picture of my two girls Evie (Black) and Ola. They have no voices and they are both very loving and affectionate dogs. They share their family with two cats, aged 1 and 4 and a rabbit aged 7 who all live harmoniously.

We have also found out where their brother lives and will hopefully meet up with his family soon for a doggy reunion. Lol.

Schipperkes with happy endings and a forever home.

PAWS FOR THOUGHT 14

Hi Ollie here again

We never saw Crufts this year but Mum and Dad did. We stayed at home and our friend Jeanette with Jensen (my son) and JJ (whippet) came to look after us. She loves walking, so, we all went for extra-long walks, lovely.

Then we never went to the club show because Grace and Charley were having puppies. I ended up having 1 son, 2 daughters and 2 gran daughters. Mum decided to keep Robin, so now I have two “pip- squeaks” to contend with.

Mum and Dad have decided to move house we go at the beginning of October. It's going to be much smaller than we're used to and cannot take our kennels. After “ear wiggling” Mum, it seems we are to live indoors. Not sure if I'll like that but at my age it's probably for the best.

I went and did something stupid a few weeks ago. Where we go for our walk, the field either side have potatoes or wheat growing in them. Well we, Harry, Robin and me followed Grace in the wheat field when Mum wasn't looking. Needless to say we got lost!! Grace didn't, she knew exactly how to get out. Suddenly I lost Harry and Robin, I was by myself and I started to panic. I could hear my Mum calling but couldn't find her. I knew she had the others and then I heard her on the phone to Dad. Then it went all quiet. Mum and the others had left me. (I didn't know she was putting them in the van and getting in to Dad's car). I could hear his car going up and down, Mum kept calling and calling and then it went all quiet again. She had “lost” her voice!! Then I heard the car door slam and the car drove away. I was frantic by then, so I started running and suddenly I came out of the wheat in front of Mum. I was so pleased to see her but all I got was a telling off and then, relief, a hug. Next day we all clung to Mums side and she never took her eyes off us. “Won't be doing that again.”

It's August and we are all at W.K.C. caravanning. The Avidores, The Blackshuck's The Arardet (1) and us. We are all having a great time, lots of lovely walks, lots of new friends, we're all happily tired by the end of the day. Of course all the humans are having a good time too, in and out of each other's caravans, having dinner drinks or just a cuppa. We're not allowed to do that. “Not Fair” I say! But all good things must come to an end eventually.

On that not I must finish with a very sad ending. My good “ring” friend Jordy suddenly passed away. So Sad. R.I.P. my friend.
